|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Grams per 1000 seeds | 0.25641 Gram |
| Seeds per Gram | 3900 (does not correspond to the number of plants!) |
| Gram to get 1000 plants | 1 Gram (if sown directly into pots etc. you will need a larger quantity) |
| Sowing Direction | (16) See 15 with the exception of germination being slower and more irregular. This poses no problems. (15) Rapidly germinating, keep seed in constant moisture (not wet) with temperatures of about +20 °C [68 °F]. Seeds must be covered thinly. Do not cover very small seeds, but tightly press into the earth. Keep in cooler conditions after germination occurs. |
